DRESS GOODS.

My importations for this Fall and Winter of Ladies' and Chil-
dren's Dress Goods exceed in cost of investment \$10,000 any other pur-
chase I ever made in this one line of goods. With forty years' expe-
rience in Dry Goods business in Paris I saw it was to your and my in-
terest to secure these goods under the low tariff, consequently I invest-
ed every available dollar I had in goods at low prices. The new
Dingley tariff bill has already made and will when set fully at work
make all classes of Dry Goods fully double in price what they were un-
der the Wilson or low tariff. I have the advantage of this: My goods
were bought when cheap, and it is my intention to hold them down as
long as a yard of them lasts. If you want to save money in your pur-
chase this Fall and Winter come and see me and examine my stock
and hear prices before you invest elsewhere.
